TEAM EARNINGS

Different membership levels can earn commissions from different layers of team tasks, with the commission rates as follows:

Calculation Example:

A invites B, B invites C, C invites D, D invites E, E invites F, F invites G.

A subscribes to Lv6 B subscribes to Lv5 C subscribes to Lv2 D subscribes to Lv4 E subscribes to Lv5

F subscribes to Lv3 G subscribes to Lv1

A's daily team task commission = $B (120 * 6\%) + C (8 * 5\%) + D (40 * 4\%) + E (120 * 3\%) + F (24 * 2\%) + G (2.4 * 1\%) = 13.304\text{USDT}$

C's daily team task commission = $D (40 * 6\%) + E (120 * 5\%) = 8.4\text{ USDT}$

Note: Users can only receive team task commissions corresponding to their membership level. The higher the membership level, the more new users invited, the more team task commissions one can earn.

REFERRAL SUBSCRIPTION COMMISSION

VIP0 does not have referral rewards or commissions.

Invite friends to register and subscribe, and users can earn commissions.

Direct Commission:

Invite a Level 1 member to subscribe to VIP and earn a **9%** commission.

Direct Commission:

Invite a Level 2 member to subscribe to VIP and earn a **6%** commission.

Note:

If your membership level is lower than the level of the invited friend, you will not receive the full referral reward. However, if you upgrade your level to match or exceed that of your friend within 7 days, you will receive the full reward.

Calculation Example:

If User A is Lv3 (600 USDT) and invites User B, who subscribes to Lv3 (600 USDT):

A's Referral Earnings = $600 * 9\% = 54$ USDT

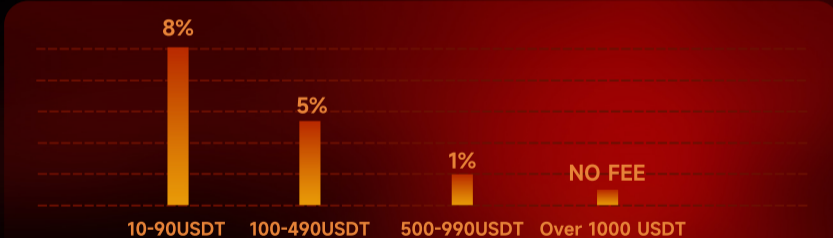

If User A is Lv2 (200 USDT) and invites User B, who subscribes to Lv3 (600 USDT):

A's Referral Earnings = $200 * 9\% = 18$ USDT
